The Backgammon Book [Jun 01, 1980] Jacoby, Oswald and Crawford, John R. [fÃ¢çÃ â -Ã Â|](#)

Just like plucking the book off the shelf at the local library! This book is in very good condition and I feel that I got great value for my money. I would purchase from this seller again.

Oswald Jacoby - what else is there to say. A classic book on a classic game. A must for any gaming library. Bought used - condition as described, prompt ship, well packaged.

pretty good reference book.

great guide book for the game

Book is pretty good so far. Has nice clear illustrations. Plenty of discussion so far about what to do with all possible opening moves. The next section is responses to those opening moves, which I'm just now starting.

Good information but not a kid's book.

and he know how to teach. True, other masters may not agree with all his "moves", but you can't go wrong if you follow his advice.

A great instructional book on backgammon!
