My son liked this book. I don't think it was quite as good as the bird who says moo by the same author.

This book is a great way to teach about bullying.

Lovely book that teaches kids what happens when you're a bully...My 6 year old daughter loved the moral of the story..and my 5 year old boy loved that it was a shark story...so the book won both ways!

This books taught my 4 year old granddaughter about bullying and she loves for me to read it to her.

This is a great brief but straight to the point read for childreb to learn about bullying. After reading it, my son said he wants to have friends so he will not be a bully.

Despite that this is a children's book, I thought it would do a better job addressing bullying. I was disappointed in the lack of developed content.

Moua writes simple easy to understand stories that a five year old can diagnose and read.

Great book! My grandchildren (boy and girl age 5) absolutely adored it!
