At Last! A Cure For Herpes, HIV, Cancer...

Synopsis

Many are conditioned to think that if traditional medicine has not specified a cure for a particular illness, then there is no cure. This belief is incorrect. Diseases such as herpes, HIV, cancer, etc., CAN be completely eliminated.

Customer Reviews

Expected to actually learn something more than what I got from this book. Overall is good, but nothing special for me.

The text in this "book" would not fill a half page of paper. All it says is that oregano is the cure for herpes, cancer, HIV and whatever ails you. A sick, pathetic joke on any person looking for information on these topics. It is a disgrace that allows this to be sold on its website.

Was too short and didnt say nothing . Im glad i didnt pay for it. Wasnt nothing i didnt already know

I enjoyed the short book it was very informative it was about three or four pages about a minute or

two to read.
