Carolyn Keene is the author of the ever-popular Nancy Drew (All New) Girl Detective and Nancy Drew and the Clue Crew series. --This text refers to an out of print or unavailable edition of this title.

My 9-year-old niece is an avid Nancy Drew fan and enjoyed this entry in the series so I bow to her opinion. Here are a few comments from my reading:- This edition is faithful to the original story from the Forties (clearly stated up front) and contains a few racial references and stereotypes that make one cringe nowadays.- The plot seems a bit intricate and complicated for young readers.- If you're sensitive to violence, be aware that there is a shooting involved (but I suppose that's true in many of these mysteries).Other than that, my niece and I both found the book satisfying, and I imagine it's typical of the early Nancy Drew entries.

I get so excited every time I receive a book in the mail. Nothing really compares with an old book that you have not read since child hood and then being able to pass it down to your granddaughter who now loves them as much as I did. Thank you for making these books available

Can't go wrong with Nancy Drew. My daughter, granddaughter and I even have a saying now: What would Nancy Drew do?

This is fake. It is not one of the original nancy drew mysteries.

I bought this book for my granddaughter. She loves Nancy Drew.

.Not as advertised. Was looking for old original books, not new ones. Shown as original date . Not again.

None

My granddaughter loves the book. She has caught on to Nancy Drew and wants to read them all.
