Fallon you did it again! I really like this fireman series. It is a nice escape into fiction and I am enjoying the ride. I really hope kap remembers, that part is kinda sad. Red had something in store for her that she is not ready for. I like what's going on with Sung too. Can't wait to read more about

69. One thing though, I feel like this is one book being broken up into several because it seems like I fly right through each book. But hey for the price and the material I'm reading, it's certainly worth it. Thanks Fallon

Umm. As interesting as this series is, a lot of it is unreal. I like the plot, loved the characters but the amount of grammatical errors took away from the book as a whole. Still a good read but one or two runs past an editor would have made this series amazing.

Very good read

This is a GREAT series, can't put it down, I can't wait for the finale!

The series was good until author just ended 69 3 without doing a 69 finale to close the series properly. Felt like I wasted my time and money on the first 3 because it ended horribly

I can't deal, I love Fallon's work but there is too much going on in this book. Had she left out Jakoven's craziness or even shortened it a bit it would have been better. MY OPINION. PS: Fallon, When will the books Rogue and Found be released? I've been waiting for those to drop since reading about them in Fade 2.

Love all 3 books however, I've been waiting for that finale. Great job nonetheless! It was set to have come out so long ago...need the Finale!!!

Again the grammar and errors had me confused at times. Good book but very over the top. Too much going on in this one for me.
