In this collection of stories we see a more human side of Bigfoot. We see him make sure a puppy is saved, alert a family to a wildfire coming their way, befriend a five year old, and yet provide nervous, anxious moments for the characters as well as the reader. On to the next Rusty Wilson ...Bigfoot Campfire Story.

The stories are fun to read and short. My faves from this book are The Karelian Bear Dog, The Dark Secret of Mount Olympus, Come and Get Me and The Thing in the Trees. These are the scariest in this book but all of the stories are fun to read. I have all of Rusty's books except for the ones which are combinations of earlier books. My favorite Rusty Wilson's books are Bigfoot Campfire Stories, More Bigfoot Campfire Stories and Alaskan Bigfoot Campfire Stories.

Rusty is back with a new collection of Bigfoot tales with a mysterious bent. As usual, they are excellent and this group is haunting and will stay with you. This is a must to add to your Rusty collection. If you have not read his Bigfoot or campfire stories yet, you are in for a treat. You can never read just one and I had to read them all as soon as I had my copy. They are addictive! No one tells a tale the way he does and this book is my 10th! I am a big fan of his work. Rusty's books are so entertaining that they can be read over and over, although you may want to keep the lights on for this one. There are some spooky tales in this set. Skip the sample and just buy the book, as the old saying goes, buy the ticket and take the ride. His books will take you for a wild one and I hope he keeps them coming! I know you will enjoy them as much as I do. Be sure to check out his other Bigfoot books and if you like them, visit his blog page and say hello. He loves to hear from fans. Update: Rusty is planning a Bigfoot hunt! Read all about it on his Rusty Bigfoot blog page. Another great book is coming!

Mr. Wilson has done it again - another wonderful collection of Bigfoot tales. I would highly recommend this book as well as the rest of Campfire series. Any Bigfoot fan needs to read. Even nonbelievers should enjoy these interesting, creepy, amazing tales!

I am a total believer with my own story to tell. I love that Rusty captures the stories from the tellers point of view. Right or wrong.....believe in Bigfoot or not...it is personal....Rusty produces a great read. I can't ever wait for the next collection.

Who can say if Rusty's stories are true? Who can say Bigfoot is real? Only those who tell the tales know the truth but these books are great. Rusty Wilson is a gifted story teller with an "awe shucks" demeanor that doesn't come on too thick. Like all good fiction, there's a hint of truth and so for someone who _wants to believe, download one of these books, gather your friends around a fire and have your best orator read these books out loud. Tv and video games are _no competition for stories this good.

I found this a very enjoyable read and I do recommend it. I did spot one disconnect - storyteller is divorced with no kids at the beginning of the story but then mentions using the internet at his kid's place a few pages later. But even so, that was just one story and it was still a good tale, even with the mistake. This book is a fun and entertaining collection of campfire style Bigfoot tales and definitely a noticeable cut above the other Bigfoot stuff I have sampled so far.

Great little read like all the others. Very entertaining as usual. Don't know if the stories are true but they sure are exciting to read. Well worth the few bucks I spent!!
