# The Everything Palmistry Book: Discover What The Future Holds--Life, Love, And Wealth--All In The Palm Of Your Hand (Everything®)

Katina Z. Jones

## Synopsis

The lines on your hand are as distinctive as the DNA that sets you apart as an individual, telling a great deal about your past, present, and future - as well as providing insights into who you are. A practice that dates back more than 1,000 years, palmistry is the study of the lines, texture, shapes, and idiosyncrasies of the hand. The Everything Palmistry Book introduces you to this ancient art and guides you step-by-step through the major lines of the hand - and the meaning of each one. From identifying the line of destiny to finding the perfect love match to choosing the right career to discovering potential health risks, this fun and informational book shows you how to reveal things about yourself no one else knows. The Everything Palmistry Book helps you learn to: Gauge your creativity level Control your destiny Analyze your fingerprints Choose a career to fit your personality Find the perfect partner Packed with dozens of clear drawings of palms, The Everything Palmistry Book will have you discovering new and exciting details about your "yet unknown" future in no time!

## Customer Reviews

I liked the drawings in black and white because they help me to clearly see the lines. The only thing

better would be a personal reading of my specific palm.

I've borrowed this book from the library and what I've read so far I like it a lot. Diagrams are easy to understand, text is enjoyable to read as well as easy to understand. Therefore I intend on purchasing it for my library. Palmistry has always intrigued me, unlike other "fortune telling" the lines in our hands give as close to accuracy about a person as one can get.

ok

This book should just be called "Some Stuff About Palmistry Book" A lot of this stuff in this book could be discovered by just scouring the internet. I was hoping that this book would be more detailed and offer WAY more insight into palmistry. The book barely touched on the family ring! It didn't include anything about enemy lines or friendship lines. What about information about phalanges? I was also hoping for more illustrations. They had a few, but I'd be great if there were more. There should have been more specifics on each type of influence line on the mount of Venus. It was just a book that's great for beginners, people who just want general knowledge of palmistry. For those who want to dig deeper, this book is NOT for you.

I've been an amateur palm reader for 40 years. This is one of the worst palmistry books I've ever seen. Particularly bad are the illustrations. An example is page 107, showing the Ring of Saturn, a particularly ominous mark. I should know as Yours Truly has a partial Ring. The illustration would indicate this marking is the crease between the palm and the middle finger. EVERYONE HAS THIS SO-CALLED "RING!" If we didn't, we couldn't bend our fingers! The actual ring would be found at the BASE of the middle finger, into the palm proper. Same for the Rings of Apollo. Good thing I didn't pay for this book.
