World History: Ancient History, United States History, European, Native American, Russian, Chinese, Asian, African, Indian And Australian History, Wars Including World War 1 And 2 [3rd Edition]

Synopsis

Have you ever wondered how the world got to where it is today? Get ready to discover the rich history of our planet. You will be astonished to learn about some of the events that have occurred! Here is a Sneak Peek of What you will Learn: Ancient History, Asian History, European and Russian History, American History, Australian History, African History, World Wars I & II, and the Vietnam War. And much, much, more! Here is what other readers say about this book: "This book is packed with really important information about the world's history." "I was surprised how much I learned from this. I really like how everything is laid out, it makes it very easy to follow. I especially like the section on Native Americans." "I couldn't put this book down, and not because I'm a nerdy avid reader (I am) but because it's filled with so much about our world history without the facts jumping all over the place like some history books I've read." "I am highly impressed by the content of this book and I would recommend this to all my colleagues as well." Subjects include: Ancient Greece, Ancient Egypt, The Roman Empire, Constantine and Christianity, India, Ancient Korea, Chinese Dynasties, Napoleonic Europe, Foundation of USA, The 1812 War, Australia and Wars, World War I, World War II, The Ottoman Empire, Greece and North Africa, The Diem Regime, Pearl Harbor and much more! All Continents As Known Today Are Covered: North America, Europe, Asia, Africa and Australia. Take action and get this book now!

Customer Reviews

I purchased this as a sort of supplemental reading for a survey class I'm taking. I was hoping this all-in-one history book would be easier for me to study from than my huge textbook. It doesn't include everything, of course, but it does do a great job of highlighting all the big events in various points in history and even includes some details that other history books don't. I was surprised how much I learned from this. I really like how everything is laid out, it makes it very easy to follow. I especially like the section on Native Americans. Very concise. Overall I'd highly recommend this book by Adam Brown to anyone who wants to dip their toes in the history of the world.

Quick read. Summary overview like Cliff Notes. Writing style lacking, could use an editor.

Concise history of the world that covers the different geographical areas

I had trouble memorizing history in school. This book helps.

We are all more connected than we think, but it's easy to forget in our small corner of the world. This account of world history highlights common links and threads that make us each who we are today. An easy to comprehend explanation of our world as it continues to evolve.

This book is highly informative. It also makes history interesting. I was easily able to get lost in it. I would definitely recommend it to someone who loves history or who wants/needs to learn world history. thanks for the great read. I definitely learned a few things.

Book arrived in 3 days in very good condition. Looks like new; no damage or marks that I can see upon initial review. Happy with purchase.

I just finished reading world history by Adam brown. Easy read, very enjoyable. I read a lot of historical fiction too and this factual account is complementary.
