Customer Reviews

I wished to rate this book for five stars for the fun adventures, cool images and great sized print. Also for the fact that it includes the reader as if the reader/kids were right there. So, for all these reasons this is why I want to recommend this for kids ages 0-8. I received this ebook for free and in return for being able to read this book, here is my honest review. Super work V! By Angela

Cute book, interesting graphics.

This is a good book. But I think that <https://www..com/dp/B0738BQN9J> the book in the link has better

stories as compared to this book as it contains moral lessons too
