We hire local writers who know their destinations better than anyone else, allowing us to provide the best travel recommendations for all tastes and budget in over 7,500 worldwide destinations. Our books make it possible for every trip to be a trip of a lifetime.

In an age when you can find most of what you want on the internet, this book was useful for reading on the airplane on our flight to Charleston. Nicely organized and easy to follow.

This Fodor's guide met all my expectations. It had many good ideas for places to see. We used this book to plan our vacation well. The only thing the book could not prepare us for was two days of 99 degree heat and 95% humidity in July. That needs to be experienced by all.

Very helpful on recent visit to Charleston and quality restaurant recommendations.

The book provided minimally adequate information of the sights and sounds. I became suspicious when it purported to present the best of Charleston while not alluding to several hotels and restaurants and sights that I have visited and liked in Charleston. I downloaded the book for free and it was well worth what it cost me.

The maps are not the greatest. I'm used to fold-out maps of the area, with key points noted. Also, there are no candid opinions about anything.

this book gave me all I needed to know to make my first trip to Charleston a complete success! It fit nicely into my purse and I carried it everywhere I went.

Thanks

Great book but will obviously need to buy one annually since so many businesses and attractions

change.
