This series is the continuation of the first set...only now we have our favorite warriors transversing their planet. They come upon many strange things but the strangest is the city full of people who are sleeping. As they uncover more info, they figure out these people have been asleep for years! This is a great read with plenty of action both physically and mentally

Uroria Mates II is an extension of series I. Had trouble putting each book down; sometimes couldn't stop at the end of one and had to start on the next one. Ruth Scott has a great series going and I don't know how she can continue to set III, but she does.

I liked this book (or rather all ten of them). The only complaint I have is there are a lot of repeating explanations. I don't need it explained to me more than once. I got it the first time and don't have dementia yet so am not likely to forget. I do look forward to volume 3.

I love this set of books. They grab you into their world as soon as you start reading and you feel like you're there experiencing everything with them. I believe a great book is one that will take you away and make you forget everything around you. The problems, the hurt, the pain everything and you're transported to become the main character. When a book makes you cry, laugh, feel what they are experiencing then it's a hit. If you want an amazing read get this collection and keep on reading.

Come along to explore the alien planet Uoria and its inhabitants, and find your very own mate!

Encounter enemies and form new alliances, cement your resolve, reform your thinking and put your principles into test.

The first grouping was good, but this one was pretty awesome. If I hadn't bought it as a group, I would have NEVER read it, though, because of the constant cliffhangers. But as a group I loved it!

a wonderful series that you never want to put down. exciting to read about the first time visits.

WOW!!! So I have this saying, "reading is my drug of choice." Ruth Anne Scott I'm addicted!!!! Ok so Pyra was a bit aggressive, understandable. Lynx was my favorite this time around. Loralia rocked!! Loved that she stood up to the BS! So now that I'm done I'm kinda fiending for my next fix of Uoria!!!!
