Customer Reviews

"The paper comes as a book with the sheets folded and perforated for ease to remove them. Each book comes with twelve 18-inch by 24-inch sheets. These are quality papers and I love how they give you a bit of the history of the special fabrics from Asia." •Crafty Moms Share blog

Purchased to use for wrapping. Good for small gifts. Beautiful papers.

great quality

Beautiful paper for wrapping gifts in. High quality.

loved it

Beautiful reproductions...some too large for my needs

I really like it. I haven't used it because it's really nice. I put it away for next year. It isn't really silk though. I think the label was misleading. Very pretty though.

It's nice but it looks like a book I needed a gift paper to wrap special gift not just to look at.
