I am ambiguous about this book. It is ALMOST what I'm looking for. I do believe this is the right author, but this is not the correct edition. This is the 1999 edition. I ordered and am awaiting the 2006 edition. I might nor might not have to return this book. I thought I was ordering it brand new, but I see there is writing in it. .com is usually pretty straightforward about book descriptions so I obviously overlooked something I read. The writings in the book, however, would not be the reason I returned it (if I do). I am looking for a book I read at a friend's house some years ago.

somewhat accurate

I frequently use this book when I meet new people bc it makes for interesting conversation. I'm not kidding when I say it fits 99% of people that have read it..mainly Judith's insight paragraph. I really

don't pay attention to the lucky flowers, colors, etc. It's surprisingly right on...not generically written to say "you have a troubling past" or "you will come into money" that can fit any Joe-Schmoe. Love it!

Fun book to kill time with

Love my book .

great book

What an awesome book. After reading about my birthday, I felt like somebody had been spying on my life to know that much about me. I definitely recommend it.

It hit the nail on the head in more ways than one, for my date of birth. Not completely sold on everything she predicts and suggests though. Maybe around 66% of it all was applicable and resonated with me.
