Customer Reviews

Just what I wanted! Bought it along with [Guitar World Presents Dimebag Darrell's Riffer Madness: Book & CD](#) which gives insight in to Dimebag Darrell's playing style, in his own words.

As an intermediate guitar player, I had been trying to replicate Dime's solo on "The Art of Shredding" for the past couple weeks. I knew I would be able to play it, but finding the right bends, tweaks, and notes was a little difficult, so I gave in and decided to get this tab book. If you're a constant reader of tabs on the internet and tab books, then you know that not all tabs are completely accurate...sometimes they are just way off. Anyway, after a brief read through the introduction, I land on the first page of song and BLAMMO! It's The Art Of Shredding. Right off the bat, I notice that the first couple of notes on the tenth bar are incorrect, but everything else seems to be pretty much in order. Long story short, I've only had the book a few days and am still picking apart The Art of Shredding. My original goal of playing the The Art of Shredding solo is coming along rather nicely;

I've almost got it completely conquered now. I'm a little surprised at the initial errors in the book, but I realize that they can help you use your own intuition to untangle the songs yourself. All in all, I think this book is a great directional guide to figuring out the Pantera classics...but, as with all tabs, don't take them as if they're written in stone!

Accurate tablature and a blast to play

It has notes in it and it tells you where to put your fingers. I got me a pull.

Just received my copy of this excellent tab book and wanted to clarify that this book IS a tab book. Like any other tab book it also has music scores above the tabs but I can assure you this is indeed a tab book. Also on the very last page it has Articulations, Harmonics, Rhythm Slashes, Tremolo Bar, and Pick Directions to help you. I hope this helps anyone in the future that is looking for a Pantera: Cowboys From Hell Tab Book!

If you like Pantera you will love this. .

was a gift for my husband. he loved it!

Awesome!!!! Great product, and fast shipping. 5 star transaction in my opinion...Thank you...
