#### **Customer Reviews**

I love this story! Four! Count them one, two, three, four gorgeous men to teach the art of love making (and some other stuff) Anaya had no idea she'd be picked at the ball by any male lion. Certainly not for the King's Harem.Innocent virgins aren't prepared for the attentions of men like these. Women in this kingdom were under the complete control of the men in their lives and ultimately the king. She had no idea about sex, relationships, only that she hated the control on the women around her by those men.The brothers were used to teaching lovely females. They were not used to females like Anaya. Feisty, open to everything, curvy loveliness, and a personality that set

her apart. Each brother had an individual personality yet similarities to his brothers. --Each man fell hard for her sweetness--How could they let her go?Anaya was strong in her innocence. Watching her blossom and bring out each man made this reading the best of PNR. Ms. Cole has always been one of my favorite authors and this is just another example why. Don't miss out on this one. I can't wait to find out more about the five and what their futures hold.A six star recommend from me. (I know we can only give five stars, but this one really deserves more)

Beasts of IronhavenAnya's Pride Book OneAnya's Pride Book Two (August 26)This is my first book by Chloe Cole, and it will not be my last. Anaya's Pride takes alittle different turn in RH. We have shifters, mainly lions, but others as well. The women are special since the great sick took a lot of their women. With the nobles and member of the royal families getting to have their pick at an "Offering Ceremony", in order to help grow their numbers. That is where we find our main character Anaya, stands out and is different. With her dark hair and full figure. She catches the eye of the King, Sabastian. She has been chosen to enter his Harem. But first she must be versed in the ways of pleasure, through the king's tutors. Whose sole purpose is to train the women the king has chosen in how to please him in all things. Four brothers who take their job seriously, until a certain aubrun haired beauty with an innonce and fire that has them fighting their need to take what is not theirs. I really enjoyed Anaya and her guys, Lucian, Gatlin, Connor and Michael and their dynamic together. Their attraction instant, and unavoidable. Each of the guys have their different strengths or lesson they are supposed to teach. What a great addition to the RH genre. Not only have I finished Anaya's Pride excited for the part two book, but I need answers to the questions I have. Does someone mean Anaya harm? Can the brothers save her? What will be the outcome to the choices she has made?

Love lion shifters and this book is a great one! Anaya is a "Ceremonly" where the royal men of the kingdom pick out their mate to help grow their numbers. She knows she's not like the other women and is surprised when she's picked to be part of the king's harem. Before she can join she has to be tutored by the Saint John brothers but she doesn't want the king, she wants the brothers. The author gives another great story with characters full of emotion and lots of heat! The brothers are all different and bring out different parts of Anaya, they all just work together. The secondary characters who work at the Saint John house are fun to read. I can't wait to find out what happens in the next book!

Did you feel that? That was your panties melting off from the sexual tension coming off this book! Wowzer! In some ways, this book was like a train wreck. You know that the end is coming, that the king has made his claim, hearts will be broken, but you can't stop reading! I tried to stop because I could not bear for anymore knowing what was to come but alas I finished the book and was finally able to cheer. That's all the teasing I can give right now without ruining it, but this RH is unique with being shifter and royalty and feeling like it is the 16th century. What more can I say but Hot Hot Hoottttt!

O M G!! Anaya hoped for an arrangement but never expected it to be the King!!The rite of passage is to be instructed by the St John Brothers: all different, all gorgeous, all desirable. All four are very special men. Their job is to teach her what she needs to know to be "perfect" for the King. But there are complications.I cannot wait for the next book!!Hero Rating 6, 6, 6,

I enjoyed it so much that I voluntarily offered to review this book. I loved each brother(swoon) and liked forward to the conclusion which should be coming soon.Once again, Ms Cole has raised the bar. This book is fantastic and the characters are wonderful. The supporting cast is lovely. The Queen is another story. I'm not especially fond of the King either. We shall see hat the gorgeous brothers have in store for all of us.
