## Customer Reviews

Jake Louvière, a wolf shifter within the Acadian pack couldn't hide his true nature anymore. With Alpha blood running through his veins, he had a difficult choice to make. He had to leave NOLA or challenge/kill his Alpha Logan and take his rightful place as the new Alpha of the pack. The latter

was his inner beast riding him but Jake chose to leave the bayou forever. He came across a mysterious woman who'd trespassed into his house. He was drawn to her like a moth to a flame. He tried resisting her magic only to fail miserably. Before he got to learn more about her, she was taken by a powerful New York Vampire by the name of Quintus Tullius. Kai Beckett formerly known as "Kai Ling Zhou" had been concealing her true identity for centuries from those who would steal her ancient powers. She was willing to risk everything in order to save her sister. She went her search of the one person who could help her in her quest, her mate.... Jake Louviere. Jake was the only one that could handle Kai's spirit, his beast calmed hers in ways Kai never thought possible. What he didn't expect was that she wouldn't be easily tamed no matter how much she loved his touches. In spite of them both trying to fight what was growing between them, they trusted Fate. Together with Quint who turned out to be their ally, the trio set out on a mission to find an Magical artifact that would help them locate Shilan protect Kai. Jake finally accepted his destiny as Alpha and Kai's mate. As danger surrounded the trio, they didn't waver until they took care of the threat. They found Shilan with the help another Acadian wolf by the name of Hunter. Jake fought tooth and nails for his pack, the Anzober Wolves were his. He was ready to rule it with Kai by his side. JAKE is the 8th installment in Kym Grosso's IMMORTALS OF NEW ORLEANS series... It was adventurous, engrossing, humorous and sizzling. Kym Grosso did a marvelous job. Can't wait for what comes next.

Jake (Immortals of New Orleans Book 8) Another wonderful book by Kym Grosso. Kym delivered us an amazing twisted story. In the beginning I was very aware of the characters, because I was in the search to find who is going to be the traitor, an amazing plot, hot Alpha a sassy heroine, a ménage between vampire, wolf and the pixiu. This book is a most. She did it again she transport us to a paranormal world and merge the character of previous book. You need to read the all the books on the series. I loved to read the next book hopping for Quintus story. Jake Louviere is in an internally war he didn't want to accepted his destiny as an Alpha of the Anzober Wolves (San Diego). He need to return to San Diego to assume the responsibility of the pack. But first a mysterious woman arrive at his home saying the name of IIsbeth. When he try to have any information for this woman appears Quintus Tullius (an ancient vampire more old that Leopold and Kade). This woman Kai Beckett need a master to control her pixiu. But a vampire Kasdeya has kidnaped Kai sister. Together the triad need the powers together to kill Kasdeya and rescue Kai sister Shilan and restore the peace in the Anzober Pack. To complete this they have to find the Kris and Kai must do a sacrifice.

I absolutely love this series!! I have been waiting to read Jake's story since he was first introduced. Jake is strong, funny, has a big heart, and is super sexy. He has been struggling with his wolf being restless. He knows it's time to make a change, but is not sure how and when. The arrival of a naked woman on his doorstep after a run with the pack has made things interesting. Along with the arrival of Quintus, the bad ass vampire. Kai has no where to turn. She has been told that Jake can help her find her sister. She has been alone for so long trying to protect herself and her sister. Asking for help is a last resort, but she has run out of options. Their meeting has caused both of them to evaluate everything that they knew. How will Jake and Kai find time to explore their attraction while looking for her sister? Why is this bossy vampire, Quintus helping Jake and Kai? Will Kai find out what she is and how to control her powers? This is a super sexy story. If you love paranormal, romance, a little touch of mystery, then you will love this book. I highly recommend reading the whole series. Kym Grosso is an excellent writer!!!

Jake is the 8th book in Kym Grosso's Immortals of New Orleans series, and a series that I one click because I absolutely love it. This book was awesome! I was hooked from the first chapter and did not put it down. Ok, so I did have to put it down in order to adult but I did not want to. There was action and heat to this one. The action kept me on the edge of my seat, waiting for what would happen next. This series is one of those that really needs to be read in order, if not you could get lost because of the references to events in prior books. Jake is an Alpha but does not want to believe it and he wants to remain in New Orleans. HA! He should know better than that. Kai is a loner and stays away from supernaturals because of what makes her unique. That doesn't work well for her either. These two fight what they feel for each other, Jake thinking his mate must be a wolf and Kai thinking she will never have a mate. It takes a third, a vamp, to help them see what they are to each other. Oh yeah! Jake and Kai make an explosive and deadly team once they get together. I voluntarily reviewed and ARC of this book
