# Silent Mermaid: A Retelling Of The Little Mermaid (The Classical Kingdoms Collection Book 5)

## Synopsis

How does a silent mermaid win a war of song? How does she break the siren song of another that holds her beloved captive? After being touched by the sun at birth, Princess Arianna has grown up imprisoned between two worlds, neither fully mermaid nor fully human. Her life is one of solitude and dreams. But when she loses her family and her kingdom in a war between man and merfolk, she is forced to flee into the arms of the very people who want nothing to do with her kind. Her only hope of protection lies in the penniless prince that she once saved and his two boisterous nieces. Prince Michael is at his wit's end. After the great maritime war, he must clean up the pieces of neglect, folly, and evil that his grandfather has left behind. With his people starving and his treasury nearly empty, the familiar girl from the past that falls piteously at his feet cannot be afforded his attention. He has only the resources and time for the barest of good deeds to pay back that which she gave him. But the more Michael begins to hear the girl beneath her silence, the more he realizes she just might be the distraction he cannot survive without. All the while, a darkness is beginning to poison the ocean, and an evil foreseen by neither Arianna nor Michael threatens the very existence of both peoples. If they wish to restore their kingdoms, Arianna and Michael will need to reassess their alliances, their beliefs, and an ancient prophecy that's been all but forgotten. Most importantly, however, they will need to decide whether or not they can move past their personal pain and trust one another. Because if they can't, everything and everyone they love will fall. Buy *Silent Mermaid* to escape into the world of the Classical Kingdoms Collection, a set of fairy tale retellings for grownups who still believe in sacrifice, true love, and the magic of happily-ever-afters. *Silent Mermaid* is fifth in the Classical Kingdoms Collection but can be read as a stand-alone book.

## Customer Reviews

I can see where Disney has influenced this, and there was some religion. It was pretty good, not much new here, but I enjoyed it all the same. It also has some aspects from the original take as well.

To be honest, I'm not a big fan of the little mermaid story so the fact that Ms. Fichter made me love this book so much is quite a feat! I only read it because I love her other books so much so I knew if anyone could make this story good, she could. Keep up the good work, Ms. Fichter!!

I liked the book, but parts of the book made absolutely no sense. Walking under water? How can you walk under water? Swim, yes but walk no. At times I could not remember if they were on land or actually in the ocean.

Loved this! The story drew me in and I couldn't put it down! I love fairy tales...especially when they have happy endings! Thank you for a well-written book.

Great book! Again Brittany Fichter manages to astound me with a wholly original way to view an often-told fairytale. I have loved the writing, fallen for the characters, and enjoyed myself the whole time!

This was a totally new story to me. I was amazed. The characters were gripping. Just when I thought I knew what was coming next, there would be another twist.

I loved the way this story kept you guessing. It was a great twist on a classic tale. Well worth the

read!!

I love fairy-tales, ok that is an understatement I may be obsessed. I have been since a teenager and I am not almost 30. By this point finding a book that keeps to the "fairy-tale" line but has a unique twist that keeps me interested is not easy. When I received this silent mermaid retelling I was excited because I had read other books by this author, so I had high expectations. When I finished the book I was completely in love. The characters, the descriptions, the plot all so original and yet oh so lovingly familiar. The love story is beautiful with twist and turns that keep the reader engaged and while the "big twist" was something I had guessed the answer to I still felt shocked once it was revealed. This has everything I look for in a retelling and more. The book is religious based, and kept clean with no overly done sex, violence or cussing . I would even be comfortable reading it to me young daughters. This is a book you should be prepared to make you feel, I cried on several scenes and felt myself connect with each and every character, even the bad guy. I cannot wait for this authors next book in this retelling line up ! I give two big thumbs up for this fairy tale !
