KIKI THORPE spent much of her childhood reading, daydreaming, and searching for fairies in the forests of Idaho – pastimes that were good training for writing children's books. She is the author of several books for young readers, including the New York Times bestseller *In a Blink*, the first book in the Never Girls series. She lives with her husband, Greg, and their two children in San Francisco.

Our 6 year old is obsessed with this series. She loves reading them, and we love seeing her get enchanted by a great book. Story isn't too difficult, and is really cute.

My 6 year old needs a little encouragement to read and this book set is perfect! She loves the

characters new and familiar. I love that we can read the entire set together and hope she will read them on her own soon too!

I bought this for my daughter's 7th birthday. She absolutely loves reading and thought this would be a great set for her to get her to the next level. Plus she always talks about Peter Pan, fairies and mermaids so this fits right into that theme :-)

My six year old granddaughter loved these books. She started reading the first one within minutes of opening the gift, and didn't stop until she had finished all four several days later. When I asked her what her favorite thing about them was, she said, "Fairies!"

Our 6.5 year old loves to read. She got this set for Christmas and had them finished before it was time to start school back, then started re-reading them she loved them so much. Perfect for little girls getting into chapter books...just wish I would have gotten them sooner.

My granddaughters love this collection although it is a little challenging for a first grader & kindergartener to read they are so enthralled with the story that they keep trying! It is great to see that books can still keep a young child's attention in this day and age!

Our 8-year old granddaughter loved these books. She devoured them so fast we worried she might be disappointed. But then she decided to read them again and all was well.

Cute stories for my fairy loving 7 year old (who is a pretty advanced reader). They are slightly on the long side, but not too intense of a vocabulary.
