Really small print. Hard to read, even with ample light and glasses on! A big disappointment. It mentions great places to see, but fails to give details that make you feel you want to visit. I went to Morocco and left this book at home.

DK Eyewitness is the absolutely best view of a country or region before visiting it. It works better than any book series I know to find what you need when you are on the ground. A great balance between photos and explanations and suggestions.

I love every DK book that I get - they are the best. I take out the pages I need and take them with me when I travel. The maps are outstanding.

First, I have to say that I have a older edition of the book and have been dreaming of going to Morocco for almost 20 years. I finally booked a 3 week trip with Overseas Adventure Travel, so I thought I would update my book. What I found is that the current edition is almost identical for a lot of information. Since I don't need advice on hotels and restaurants, I found that it was unnecessary to keep the latest edition. However, if you are also using those sections, be sure to buy the most current book! I appreciate the format of the books and love the graphics and maps of many of the towns and sites. If they had a Top Ten edition for all of Morocco, I'd buy that too.

Wonderful book if you are able to read the minuscule print! I can't so I had to buy a page magnifier. The guide has a Lot of Great Maps and descriptions.

as advertised, excellent photography and maps

it is a fantastic country to visit and the Travel Guide does it justice.

Great travel book
