The Billion-were Needs A Mate (The Alpha Billion-weres Book 1)

Synopsis

Werewolf. Billionaire. Bastard. Husband? There's no way that Taylor Stockdale is marrying her rude, arrogant, sexy boss. Unfortunately, billionaire CEO Cliff Bronson is not the kind of man who takes no for an answer. He holds the fate of Taylor's best friend in his hands and he's willing to bargain for Taylor's hand in marriage. But he's openly avoided her for the past year, so why is he suddenly demanding a wedding - before the next full moon? And why did he call her his "mate"? And why does everyone in the little town of Hidden Hills act so weird once a month? Cliff Bronson has made a terrible mistake. He'd been long-distance lusting after the curvy secretary for the past year and he likes her smart mouth as much as her full figure. The second he met Taylor in person, he knew that she was his, and he knew she was a werewolf and he smelled it on her. So, as was his right, he demanded that she be his mate. Unfortunately, it turns out that Taylor has no idea of what she is, and the first rule of being a werewolf is, nobody talks about being a werewolf. Now it's a race against time to convince her that she's his one and only before his pack enacts their terrible and ancient law calling for the death of any human who learns of their existence.

THE BILLION-WERE NEEDS A MATE by Georgette St. Clair is a fantastic trip into yet another world where Alpha were folk exist. The characters, story line and wit make this novel very enjoyable to read. You will find yourself rooting for a winner during the Alpha games. I recommend this novel as one to read and re-read again and again. Can't wait for the next book in THE ALPHA BILLION-WERES series. Georgette St. Clair has a way of making you want to click/turn the page to discover what's the next plot twist. Looking forward to reading books from her other series.

Georgette St. Clair struck gold with Cliff and Taylor's story. I love that the heroine and her BFF are so feisty. The interactions of the townspeople make me want to pack my bags and move, becoming their neighbors. The sex scenes were smokin'! I can't wait to read the next books in this series. There were a few places that needed edited. (That is the reason the book didn't receive 5 stars from me. Would I recommend this book to other PNR fans? Absolutely !!

I have been a huge fan of this author for long time. I have read as many of her books as I can. I will continue to follow this author and I will recommend this author to my friends.

I enjoyed this book, because some of the characters were feisty and very sassy. The storyline was a good premise and the book had lots of romance, and physical and verbal activity.

Great return to the shifter stories, I didn't care for the alien series. But this was another great start to another series. I can't wait for the next installment.

First in series. This is a quick read but interesting. Sexy shifters, kidnappings, humor, brother against brother, sexy moments and twist and turns around the corners.

Loved the snarky humor, Taylor & her BFF Chantelle are funny together - quick action & the necessary happy ending! What more could you ask for!?! Enjoy!

I rarely like the billion stories. However, this kept my interest and I am looking forward to the

continuing story. Liked the writing style so very pleased all the way around.
