Dave Marx is cofounder and publisher of PassPorter Travel Press and along with Jennifer Marx, has co-authored 30 PassPorter guidebooks. He discovered Disneyland in 1975, the Walt Disney World Resort in 1997 and first cruised with Disney in October 1999. He's attended Disney celebrations, anniversaries, and christenings, and especially loves researching new ports of call. Jennifer Marx is co-founder and executive editor/creative director of PassPorter Travel Press. She's built a life-long love of all things Disney into a more-than-full-time career. Jennifer is the author of nearly 50 books, including the guide that started it all: PassPorter's Walt Disney World. Jennifer and Dave's 10-year-old son, Alexander Marx, is a veteran visitor to Walt Disney World, has cruised the Mediterranean, toured Disneyland Paris, and took his first steps while transiting the Panama Canal. He offers expert opinions and brings his own 'Toddler Tips' and 'Kid Tips' to PassPorter's Walt Disney World. They live in Ann Arbor, MI.

For the Disney lover both beginner and intermediate this is great. We first bought ours in 2015 and loved how awesome it was. These guys work tirelessly to get you information in a way that is easy, fun, and detailed all at the same time. So much better than other formats or paperbacks. They have a loyal fan base of followers that help in contribution and content and very few if any mistakes in the publication. Not to mention that they have tons of experience with Disney. If you are looking to become a Disneyfile, this is a way to go.

My favorite GO TO Disney book. This is the second time I got one of these. holds everything and all the information you need is in the book. I will be taking this to Disney with me and carrying it around to keep track of our daily itinerary. Perfect planning book, instead of just a fun to look at book with pretty pictures. this book has it all, maps, pockets for day to day info for you to put things, descriptions of rides, restaurants, tips....everything. Best book out there and I've bought a lot.

In the past, I have used Birnbaum's Disney World Guide. This year, I used both. While they are similar, there are some differences. PassPorter has lots of places to write plans and keep papers (like reservations , etc.) They are both excellent. If I had to pick one, it would be PassPorter.

I'm sorry this is the last year for the print version. My son and I have trips planned- separately - and I bought this for him, but I'm going to end up using it, even though I'm a many-trip veteran. Always something to learn from Passporter!

Enjoyed this book because it is built from the family's standpoint and different ages likes and dislikes are represented throughout. Obviously long time Disneyworld aficionados, the book covers everything a first time (or returning) vacation planner might want to know, in an up to date and concise manner. Great planner for having a wonderful vacation at Disneyworld.

This book is an amazing reference guide! If you are planning a Disney trip, it is a must! They release one annually to make sure their info is as up to date as possible. We went the first time in 2008 and used one then to help on our trip. Its was great! We are returning later this year and ordered one for us and the family with whom we are traveling.

I am a huge Disney World fan and when ever my family and I are planning a trip to the World we use the PassPorter. We use it not only as a planning tool but as a way to capture all the magic from

our journey. The information in the PassPorter is the most useful and easy to read that I have ever found. I will continue to use the PassPorter for all our Disney planning needs.

Another great book from the Passporter group. I bought this before my latest trip with my kids to WDW and though I thought I knew a lot, this book taught me some new things.
