1 Pitch Warrior – a Guide to Mental Toughness is the key to unlocking your full potential as a player or a coach. Not only do the things provided in this book allow you to find your true potential on the field, but I am confident that they will enrich your life off the field as well. Being a 1 Pitch Warrior is about much more than winning on the baseball field, it is about winning the day, making the most out opportunities that come your way good or bad. It's about learning how to respond to adversity and handle anything that baseball or life has to throw at you. Within this book you will learn many systems of success including the 5 P's of Primetime Programs. Playing for the present and trying to win each pitch is broken down in great detail so you will actually learn a cyclical process by which you can help ensure that you're playing the game as a 1 Pitch Warrior. You will learn about measuring performance on skills and strategies that have meaning and that matter far more than just the basics like averages, RBIs, wins, etc. Topics will include: B.A.S.E.2., A3P, Quality At-Bats, Quality Innings, and others. The last part of the book is dedicated to developing a vocabulary among your coaching staff and players so that you all use the same language in defining what it means to be a 1 Pitch Warrior. These terms can be discussed at practice or assigned as daily reading for your players before practice. Whether you are a veteran coach seeking that first state title or a high school player trying to make the varsity, there is something for everyone in the book. The 1 Pitch Warrior Mentality is for anyone who wants to attack life and live in the moment. Remember that the past is history, the future is a mystery; we call it the "present" because it is a gift. Here's to unwrapping the moments in life that you desire but have yet to experience. Good luck on your journey as a 1 Pitch Warrior!

Customer Reviews

If you are a serious baseball player/athlete, coach, or parent you want to read this book and get tuned into the entire 1 Pitch Warrior system for success. Coach Justin Dehmer explains how his HS team won 88 games in a row. Fundamentals is crucial to playing good baseball, but winners know how to overcome adversity and mental breakdowns. They minimize mistakes and toss the 'mental bricks' that so many players hold onto. I own other 1 Pitch Warrior products (DVDs) and have been waiting for his books to be Kindle-ready.

I've recommended this book to many of my boys' coaches. It is a good system for success in baseball, paying attention to the statistics that are helpful. It also has applications for dealing with any challenge or setback in life.

A lot of the coaching books you read will help you in the future, give you ideas for the future, make you think about the game. This book gives you ideas for right now. Analyzing pitchers, hitters, and teams. It's not as though he reinvents everything but he puts things into view. Not just for coaching either, it's a great read.

Seems to be working. I would recommend it. Just may be the thing to get ball players over that last "hump".

I told my wife I thought it would have been fun to play for him. Every page had some little gem, said in a memorable way. I can put those into practice right away.

Modeling my team on Dehmer's ideas and strategies. Right now, the attitude and effort of the players are the best they have been in years.

Tested, straightforward, and powerful. Must read for coaches and for players/parents! Applies to baseball and everyday life. "Be a fountain, not a drain."

So much of baseball happens between the ears, this book helps to reveal the secrets that wins the team game
