Chemistry: Matter and Change (2013)

Just as described and fast shipping. Thank you

perfect

The book was in very good condition.

Can as promised in good condition.

arrived in good condition

bought for Honors Chemistry in a private school

Text book. It's a new edition with up to date information on chemistry. I order it for my girl's chemistry class and she will learn a lot from it.

This is a high scool not used by me. It is a new published book can't say if it's good or bad specially since it is a school book.
