John E. Potter is the Postmaster General and Chief Executive Officer of the United States Postal Service. James L. Bruns is Director of the National Postal Museum, Smithsonian Institution, located in Washington, DC.

For some reason, this Stamp Yearbook is probably the most difficult to find at a decent price, and forget about finding one with the stamps in their unopened packaging. I went ahead and bought only the book, here, and will buy the issues via eBay and another stamp dealer. I got lucky and purchased this last available book.

Thank you

Since the early 60's the US Postal Service has come out with a stamp yearbook that explains and gives facts on each stamp printed that year! Usually it came with the postage stamps as well but lately the books are being sold without the stamps which makes the book a lot less expensive. Great way to learn about current stamps!
