I just received this beautiful little book in the mail, opened it and found myself instantly teleported to Saint Saturnin-les-Apts where I sat at a cafÃ© in the late-afternoon sun, sipping an Amandine and bau frizzant, taking in the sights and listening to the tale of Monsieur Talon, the Truffle-King. This is a remarkable little book: part travel guide and part poetry, carefully researched and lovingly recounted. Whether or not you are planning a visit to Provence, Marjorie Williams will bring you along on a wonderful adventure!

Great guide for travelers to make accessible and describe the best of the daily markets in lucid, stirring detail, but also written so evocatively that it stands alone as a great read for the armchair traveler! The photos and descriptions brought vividly to life my own memories from travels in Provence, and have made me impatiently eager to return.

I read the reviews before ordering this book so was aware that it is tiny. While it may be hard to read on-the-go, it will be very handy in finding local markets in Provence.

Love every entry. Well written and excellent guide to the best of the region.

Wonderful photos and well-written. I will use it for a reference on my next trip to Provence.

Ah, France. If only I could get a chance to go to the fabulous markets throughout France. While living and visiting France, the markets were the most fun activity of all time. Vive la France!

GREAT RESOURCE BOOK FOR ANYONE GOING TO FRANCE...

The book came on time and was just what I wanted.
